IV. NEW BUSINESS A. Complaints

12-070-9032 - a consumer alleges she is denied visitation; wont allow personal cosmetics; don't allow attorney's phone calls; she is allergic to pork and the facility continues to offer her pork and her Social Worker refused to meet with her on a regular basis.

12-070-9034 - staff will not allow him computer access and he wants to attend college. The team directed him to apply for a college and then they would consider allowing him to use the computer. Because he did not have computer access, his brother in the community had to pretend that he was the consumer in order to apply. The consumer has been accepted into the program, now the facility tells him he has to wait six months.

12-070-9035 - a consumer is mistreated by agency staff who will not allow her to live a normal life when staff purposely challenge consumers rather than offering a treatment style of approach when working with persons with disabilities.

12-070-9036 - In february 2012, the media announced that Gov Quinn had decided to close a state operated facility to move residents into community group homes. This was a budget decision, not based on the needs of residents. A letter from the agency Director dated February 24, 2012 indicates that the family will be contacted by Department of Human Services and still

the residents and/or families have not received additional correspondence. No one has followed through on this promise or provided additional information.
